Declaration of Brian G. Oatman
A/K/A "FIREWATER"

I am sending these notes to the Clerk as an exhibit in Tiede v. Collier 1:23-cv-1004-RP and also in preparation for Oatman v. Collier, TDCJ for Living Conditions which violate the ADA in both Air Conditioned housing Assignments and Non-Air Conditioned housing Assignments. Governor Abbott had 33 billion dollars Tax Surplus last year but instead of complying with our Constitution He chose to steal millions of dollars from TDCJ's budgets to buy razor wire, shipping containers and other election year props like bus tickets for his Re-election media show. While TDCJ's employees like Richard Babcock tell our friends, family and Advocates like Nell Gaither @ TPI in Dallas a bunch of Lies the same as they tell Judge Pittman. I'm requesting to compare my Time and dated notes to TDCJ videos with Mr. Babcock. Then take a closer look at the deaths during those times. Nell and I are missing a body somewhere, maybe more. This is Criminal.

(Pg 1)

I do not understand how the Department of Justice
 Can Just stand by while Collier and Abbott continue
 to understaff their units and Lie to the Courts about
 harms being done to our people by sheer neglect.
 Would Gregg Abbott and Bryan Collier like to Come
 sleep on a Mat beside me in the A/C and wait in
 line behind 200 people for the 2 toilets & 2 sinks?
 Or would they like to be locked away from Respite
 and ICE Cold WATER at any one of their other
 units? They always have the option to Parole
 those people but they Choose not to. I Suppose
 they are not worried about spending millions or billions
 to Litigate since this is their chosen profession
 Its like taking Candy from baby's to rob Texans of
 their hard earned wages while thumbing your nose
 At Our Constitution.

Brian G. Oatman

I'm requesting that
 this Court order Bryan Collier
 & TDCJ to preserve video from
 the Coffield Unit for the months of May, June & July

Respectfully Submitted

3:37 pm We have been locked in our cells now since
 A 1:53 pm. I have not seen any guards counting
 D. nor have I seen an "SSI" who could go
 10p - fetch some cold ice water for me. I have
 64 zero access to respite and cold water. I heard
 ? over the TDCJ radios @ 12:32 the Heat Index is 104°

3:43 Big AL (cell 210T) said Warden came by @ 3:00
 to check Temps in 224. I was reading and did not
 see him or I would have asked him to get me some
 cold water.

3:50 pm 2 hrs. No Access to Ice Water nor Respite
 it appears that the "SSIs" are watching T.V.
 in the day room. I'm ~~not~~ can't ask them
 for water, nor should I have to. What TDCJ
 policy allows for this?

4:15 pm - Inmates let themselves out to Access Cold Water
 Guards are non-existent on T-wing. I got 2 20oz
 bottles first thing! Still have not heard the 3 bells
 ring to signify "Count Clear"?

4:33 C.O. Securing doors on 1-row. I got 1 more 20oz bottle
 of Cold Water & checked the ice level and water in Igloo.
 There is about 4" of Ice/water left. The ice will
 melt when they refill it.

4:37 Count clear bells ring/C.O. closing doors on 2 row
 & has no I.D. plate.

6:30 Chow 7:00 pm - Back from chow
 WATER Cooler Empty @ 6:30 - still empty @ 7:00 →
 I'm feeling nauseous and exhausted too weak to shower
 this morning & this evening. Heat + Meds?

8:12 pm - First Round made since 4:33 pm (4 hrs)
 C.O. Securing doors while counting. **NO ICE**
WATER - Igloos is not on stand.
 I'm going to sleep/no more notes tonight
 I'm not feeling good.

Someone took the bottle we use to refill the water keg with from the mop sink. It was not very sanitary anyway but it got us WATER. This is the 1st time they gave us an In/out during Count.

10:37 -CO. walking 2 row Conducting Security check but NO hourly Ingress/Egress. -Hit my head on the bunk again! too small of a cell!

10:55 -officer walking 2 row, I asked him, "is there any water in that cooler?" He just ignored me.

→ When he passed back by I asked him if I could get some Cold Water? He patted my door and said

→ "It's locked", and kept on walking. He has no I.D. plate.

3:15 pm 7/6/24

(pg 34) T-wing Corfield Unit

Count and they are rolling doors before Count Clear
Bells have Sounded... Perhaps they are reading our
grievances and E-mails? Lets see if it lasts ??

3:30 pm - C.O. is sitting on the stairs between 1 & 2 row studying his
little C.O. Book & Our doors on 1 & 2 Row remain unlocked.
Most inmates are seated in the Unlocked dayroom & are
inside their unlocked cells. But we have Access to cold
Water & toilets this way. If C.O. was making his
Rounds this arrangement would be ideal. I did not
go to 3 & 4 rows but assume their doors rolled
the same as 1 & 2.

3:56 pm - 3 bells = Count Clear / c.o. walking on 2 row but Not
Securing our open doors is he not trained or are
they changing their Unconstitutional Actions?

6:37 pm - Back from chow. Cooler still has a little ice in it, Looks
Like they are making and using block ice again! YAY!
No rounds have been made since 3:56 - C.O. sat on stairs
for a long time studying his little book. I wonder if it
tells them how to falsify wellness check records?

7:27 pm - 2nd shift Conducting In/out / dayroom prior to
Count @ 8:30 Igloo is not on stand so: NO ICE WATER!

7:33 pm - Sgt. ? walking 2 row with an inmate behind him
complaining about no ice (Sgt. Graham)
Stopped @ our door, I asked "Are we getting ice?"
He pointed to his radio & said "they're calling for it
right now"...
